

# AUDA StreetScape Update

August 17, 2011

## CONSTRUCTION PROJECT UPDATE

From August 17th–24th, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Construction crews will continue working on pouring the sidewalk on the north side of Lincoln Way. Beginning next week, the Hansen Bros. will continue with the demolition of sidewalk on the south side of Lincoln Way along with forming and pouring concrete for the curb, gutter and sidewalks. Installation of irrigation sleeves and electrical conduit will occur this week.

The utility joint trench conduit is being tested this week for acceptance by PG&E. Construction crews will begin running cable once PG&E accepts the conduit.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate the trenching work. The lanes of traffic will shift according to the construction work.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next four months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
